To create a true masterpiece takes dedication and passion.

You understand that better than most, having spent countless hours and pen strokes making your mark. It's these very qualities that went into creating your Camelot® roof, which writes its own enduring story through themes of color and design. No wonder its beauty is as persevering as its owner.

Antique Slate

Like an exquisitely written script, Antique Slate captivates and impresses all who experience its cool, neutral character. Elegant and enduring, this remarkable roof stands the test of time — making a definitive statement on your home like no other in its class.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

*You've always been drawn to the classics.
From the books you read to the clothes you
wear, and most strikingly to the music you
play, it's a defining part of your life. This very
fact resonates with everyone who experiences
your Camelot® roof for the first time.
It's a signature work that, much like a
time-honored composition, endures —
and leaves a lasting impression.*

Aged Oak

*Its very name inspires. Its majestic beauty captivates.
Aged Oak always strikes the right chord, nobly translating
its warm tones to the house you proudly call home.*

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

*You've always been proud of your individuality.
It's what defines you, what gives you your strength,
what sets you apart. It's why you appreciate all
that is unique and one of a kind—that which is never
afraid to stand out from the crowd. Just like your
Camelot® Shingles.*

Williamsburg Slate

*Infused throughout with distinctive reddish undertones,
Williamsburg Slate proudly stands in a class all by itself.*

*You have an eye for the exceptional,
and it shows. The vibrant Meiping vase
in your foyer, the collection of rare Italian
reds in your wine cellar—these are but a
few examples of your discriminating taste.
Another is your Camelot® roof, with its
distinctive and sophisticated design. (No
wonder your guests ask about it so often.)*

San Gabriel

*It's no surprise that you have an appreciation for the
finer things in life. San Gabriel, with its warm colors
and strikingly vivid tones, is no exception.*

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

They say with hard work comes great rewards; you're living proof of that. You've always believed in working hard and playing harder—so now, you deserve nothing less than the best. A moonlit cruise off the coast of Spain. A Sunday afternoon on your favorite back nine. And your beautiful Camelot® roof.

Welsh Gray

Capturing the elite hue of slate found in Scotland, Welsh Gray magnificently exemplifies the fruit of labor as it bestows its deep, rich tone on your home.

Your home is a sanctuary for the treasures of your life. All are fond reminders of the journeys you've taken—none more so than the remarkable collection of fine European crystal you so painstakingly assembled during your years abroad. Your latest find is your Camelot® roof, which holds a special place of honor as it shelters every last one of your cherished memories.

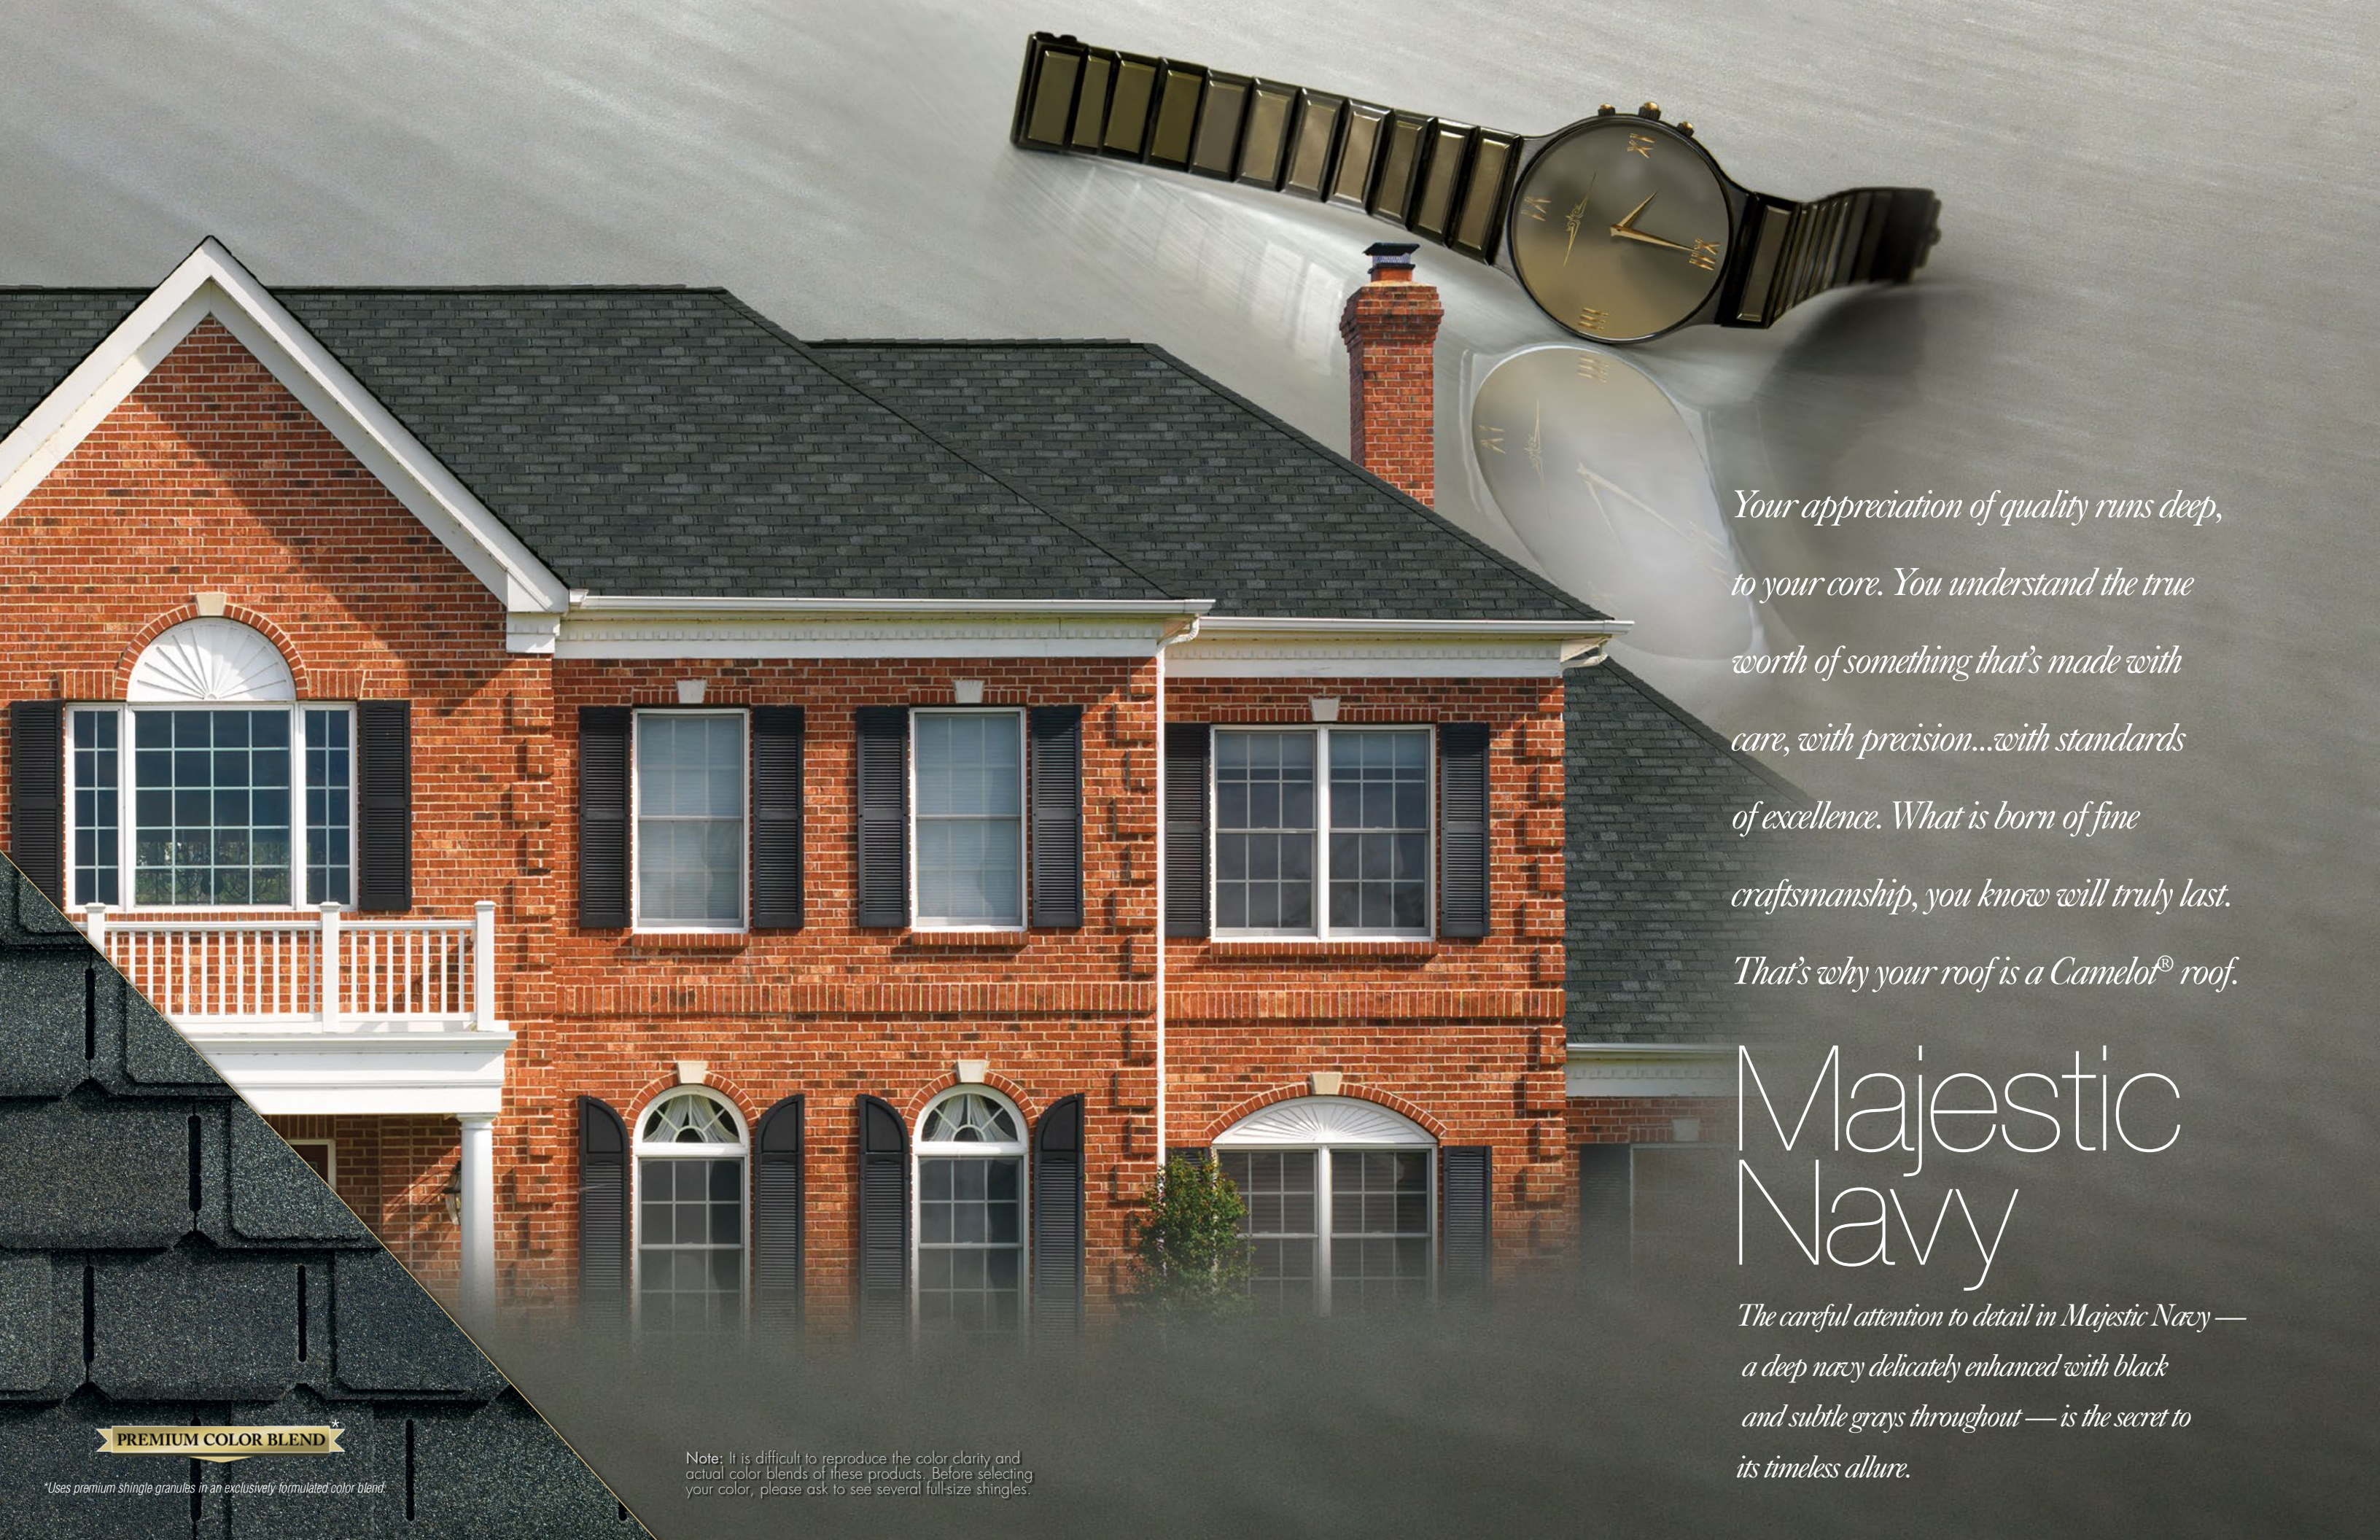

Royal Slate

The rich burgundy and blue tones on display in Royal Slate exemplify luxury, giving this incomparable shingle its showpiece status on your home.
